

We are expanding and looking for an experienced and enthusiastic individual to join the team at our busy and uniquely integrated specialty center! Excellent opportunity for an evidence-based psychologist with demonstrable training and experience with OCD, anxiety, mood, and related conditions. A cognitive behavioral orientation that includes strong experience with exposure-based and behavioral interventions for moderate to severe presentations is required; comfort with assisting in services for *both* youth and adults is preferred.

KCCAT is a fun and supportive team-staffed facility for evidence-based treatment, training, and research, with a focus on providing high-quality care plans and patient options for accelerated and community-based services. Employees enjoy a newly renovated, well-appointed, and spacious work environment, flexible hours, and patient-tailored services free from managed care, with ways of combining direct clinical duties with additional program development, scholarship, and research. Suitable candidates will be creative, organized, self-disciplined, and work well within a team approach. Substantial benefits include paid health and professional insurance, retirement matching, continuing education, family leave, relocation assistance, and more.

Location

Kansas City metropolitan area, United States

Qualifications and Responsibilities

Required base qualifications include doctorate from an APA-accredited degree program and internship, licensure-eligibility in Kansas and Missouri. Three or more years prior experience with pediatric OCD and anxiety spectrum conditions strongly preferred.

Exact appointment, responsibilities, and remuneration/benefit levels dependent on qualifications and final appointment. Primary activities will include delivery of evidenced-based psychological services, assisting with supervision of trainees, and helping to develop, deliver, and promote center programming reflecting KCCAT's strong treatment, research, and educational mission.

To Apply

(Confidential initial inquiries are welcome.)

Individuals should submit curriculum vitae and a letter of interest. Proceeding candidates will be required to supply three letters of recommendation and permission for speaking with references.

Please send application materials to the attention of KCCAT Director Katie Kriegshauser, Ph.D, via email at: careers@kcanxiety.com

Note: Current opening is slated as a full-time Staff Psychologist position with start-date negotiable. Applications for other positions are also accepted and reviewed on a rolling basis as we consider ongoing development and staffing needs, and ability to accommodate outstanding candidates at a postdoctoral training level. We are always happy to keep applications of fit on file for notification of any future openings.
